“My name is Tricia Sambo from Hazyveiv, I started using Your Life Monks & Ginkgo for the terrible varicose veins in my left leg in September 2018. By the end of the day, my leg would be swollen, throbbing and very painful with the veins popping out! I was supposed to have an operation on my lag to remove the veins but I was too afraid. After three months of using Ginkgo & Monks the results speak for themselves.”

Liziana Goosen, a member for many years, gave Schizandra Jnr to her 7 year old granddaughter who had Epilepsy. The little girl struggled to communicate, talk properly or interact with her siblings. “This is my granddaughter Jacolene Viljoen, she is 7 years old and for the first time in her short life she has energy and is able to talk. For several years she had severe Epileptic attacks, up to seven attacks a day. After the latest attacks in November 2017, I bought her Schizandra Jnr and she is another child after the first bottle. I am forever grateful to the Lord that He put Your Life in my path. Jacolene can now talk and play and is doing well at school.”

“Ginkgo Biloba has done wonders for me. I had terrible muscle cramps in my legs at night, I could not sleep at all. The doctors could do nothing for me.

Jonathan told me to take Ginkgo Biloba and within a day the cramps had stopped and have not returned because I keep on using the Ginkgo. My blood pressure is also under control.

Thanks You Life”

“ I have suffered with sinusitis my whole life. I would always be blocked at night. First thing in the morning, my eyes were teary and itchy and I would sneeze all the time. My nose would run all day long and I was ashamed in front of people. Tissue was my friend. My mom introduced me to Your Life. I have been using Fight It, Vitamin Mineral and Herb, Winter Formula for 8 months now. I am confident to say that I have not been to see a doctor in since February this year. All my problems have gone, I am OK now. No repeat expensive medication anymore, thanks to Your life.
